**IMPORTANT INFORMATION ABOUT YOUR DRINKING WATER
FAILURE TO MONITOR**

**ESTE INFORME CONTIENE INFORMACIÓN IMPORTANTE ACERCA DE SU AGUA POTABLE. HAGA QUE
ALGUIEN LO TRADUZCA PARA USTED, O HABLE CON ALGUIEN QUE LO ENTIENDA.**

Monitoring Requirements Not Met for 2nd Quarter of 2020

Our water system violated several drinking water standards over the past year. Even though these were not emergencies, as our customers, you have a right to know what happened and what we did to correct these situations.

We are required to monitor your drinking water for specific contaminants on a regular basis. Results of regular monitoring are an indicator of whether or not our drinking water meets health standards. During Second quarter of 2020 we failed to monitor for the following contaminants and therefore cannot be sure of the quality of our drinking water during that time.

What should I do?

There is nothing you need to do at this time.

The table below lists the contaminant(s) we did not properly test for during the last year, the required sampling frequency, how many samples we took, when samples should have been taken, and the date on which corrective action samples were (or will be) taken.

Contaminant	Required sampling frequency	Number of samples taken	When all samples should have been taken	When samples were or will be taken
Endrin	3 years	1	2nd Quarter 2020	4th Quarter2020
Lindane	3 years	1	2nd Quarter 2020	4th Quarter2020
Methoxchlor	3 years	1	2nd Quarter 2020	4th Quarter2020

What happened? What was done? When will it be resolved?

We failed to monitor for 10 of the 27 SOC's that were due in the second quarter of 2020. We did sample for those 10 SOC's in the 4th quarter of 2020.

Please share this information with all the other people who drink this water, especially those who may not have received this notice directly (for example, people in apartments, nursing homes, schools, and businesses). You can do this by posting this notice in a public place or distributing copies by hand or mail.

For more information regarding this notice, please contact Meyersdale Municipal Authority at 814-634-8627.
